EDUCATION

Bachelor of Technology in Computer Science , *GLA University, Mathura*,

June 2026

TRAINING EXPERIENCE

Job Oriented Value Added Course, GLA University, Mathura

June 2023 – July 2023

- Learnt basics of python and machine learning.
- Post completing the training, created a Project named “Car Price Prediction”, by using machine learning.

PROJECTS

- **LAPTOP REVIEW SENTIMENT ANALYZER**
 - Developed an NLP-based sentiment analysis system using Python to analyze real-world laptop reviews dataset.
 - Performed text preprocessing and cleaning using Regular Expressions and Pandas.
 - Conducted data analysis and visualization using Matplotlib and Pandas to identify customer sentiment trends.
 - Worked with real-world CSV datasets and generated sentiment distribution insights through bar charts and pie charts.
- **AI-POWERED COLLECTION STRATEGY SIMULATION | Tata Forage**
 - Conducted EDA on delinquency datasets and identified financial risk indicators.
 - Designed a conceptual Logistic Regression–based risk prediction framework.
 - Developed business recommendations and responsible AI strategy reports.

SKILLS

Technical Skills

Programming language : Python(OOPS , DSA(basic)), SQL
Data Analysis : Pandas, NumPy, Matplotlib, Seaborn (Basic)
Database : SQL
Machine Learning: Logistic Regression, EDA, Data Cleaning
Tools : Jupyter NoteBook, Google Colab
Frameworks: Django

Professional Skills

Analytical Thinking
Team Work
Problem Solving and Debugging
Interpersonal Skills

CERTIFICATIONS / EXTRACURRICULUM ACTIVITIES

- NPTEL CERTIFICATION in Software Engineering, Ethics in Engineering ,Environmental Studies , E-Buisness , Management Information System.
- Completed Tata Forage Data Analytics Virtual Experience Program.
- Introduction to data Analytics | SkillUp by Simplelearn
